TOBACCO NEWS.

(Reported by J. H. Egerton, of Alfred Lewis & Co., Leaf Dealers.)

Hopkinsville, Ky., May 21, '96.
There is no change to note in prices from last week's quotations. The offerings were somewhat lower in quality and there is an overabundance of the low grades of leaf. The demand for such is not so good on this class as heretofore, as the stemmeries seem to have about all they want for the present. Receipts fall off this week on account of farmers being busy pitching the new crop and we believe there has been two thirds of a full crop set already. The rest of the crop will be put out before the present season is over. While there will be a large crop pitched, the farmers, as a rule will try to raise a better quality, which is desired by every one.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Company.
